Happy Lab

Happy-Lab is a story of passion, tradition and pursuit of happiness. Emilio met Joseph in a peaceful laboratory located in the Pyrenees mountains. He is the artisan master of the infusions that enchanted Emilio with his wisdom and savoir faire. Joseph escaped from the city to this beautiful land of green and fields, lush fragrances and slowed-down time. In his lab, surrounded by recipes, he taught Emilio the secrets of the perfect formula with the leaves, the incomparable scent of the flowers and the species from faraway lands. The formula was renamed as Happy-Lab.
